DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael A. Oblon on 6/18/07.

The application has been amended as follows:

In claim 21, line 17, after "level" insert --and determining whether amblyopia is present based on whether a correct response is achieved for the successive levels--.

In claim 25, line 16, replace "a particular vision disorder" with --amblyopia--.

In claim 29, line 9, after "reference" insert --display--.

In claim 29, line 15, after "reference" insert --display--.

In claim 29, line 16, after "reference" insert --display--.

In claim 29, line 18, after "medium" insert --and determines whether amblyopia is present based on whether a correct response is achieved for the successive levels--.

In claim 33, line 11, after "reference" insert --display--.

In claim 33, line 12, after "eye" insert --and based on a correct matching determine whether amblyopia is present--.

Allowable Subject Matter

Claims 21-34 and 36-39 are allowed.

The following is an examiner's statement of reasons for allowance:

A method and apparatus for screening patients for amblyopia comprising two displays and using successive levels of optotypes as claimed are not taught nor suggested by the prior art of record. Amblyopia being a visual impairment exhibiting a dimness of sight especially in one eye without apparent change in the eye structures and without apparent organic pathology indicates subjective patient testing and the claimed method and apparatus provide a unique reference display that allows the patient to select an optotype that corresponds to an optotype from another display medium separated from the patient.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George Manuel whose telephone number is (571) 272-4952.
